Attendance: Regular attendance is strongly encouraged. You are responsible for all lectures, announcements and assignments whether you attend class or not.

Calculator: Calculators may be used on quizzes and test unless prohibited by the instructor in advance.

Homework: Homework problems will be assigned in class and collected. The test and quiz problems will be of similar type.

Quizzes and Tests: Tests and quizzes will be given in class, and will be closed book. Make-ups Tests will be allowed only in exceptional cases with a valid written excuse. No make-up quizzes will be permitted. Quiz dates may or may not be announced in advance.

Tentative Test Schedule: Test 1 between 2/12 - 2/19
Test 2 between 4/2 - 4/9

Final Exam: The Final Exam will be comprehensive, and will be administered on Thursday May 6, 2010 from 1:00pm – 3:00pm.

Your Course Grade will be based on performance in the following:

| Quizzes, homework & projects (max. of) | 100 points |
| Tests (2 at 100 point each) | 200 points |
| Final Exam | 150 points |

(max. possible = 450 points)

Your Course Grade will be assigned on the basis of the total points accumulated during the semester according to the following scale:

90 - 100 % A 60 - 69 % D
80 - 89 % B below 60 % F
70 - 79 % C

Additional References:

Any changes or additions to the course syllabus and grading policy will be announced in class.
